**VILLAGE OF MOUNT HOREB
UTILITY COMMISSION MEETING MINUTES
MARCH 8, 2022**

The Mount Horeb Utility Commission met in regular session in the boardroom of the Municipal Building, 138 E Main Street, Mount Horeb, WI.

Call to Order/Roll Call: Chairman Temby called the meeting to order at 7:00 pm. Present were Glover, Vierima, and Lyle. McNall, Monroe, and Czyzewski were absent. Village Administrator Nic Owen, Wastewater Superintendent John Klein, and Treasurer/Deputy Administrator Amy Hall were also present.

Public Comments: Bart Schley, the new Electric Superintendent, was introduced. He will be starting in this role on April 4, 2022.

Minutes: Lyle moved, Glover seconded to approve the minutes of the December 14, 2021 meeting as presented, carried by voice vote.

Voucher and bank account information: The voucher check report and bank account information were reviewed. Glover moved, Vierima seconded to approve the vouchers and bank account information for February, as presented, carried by voice vote.

Discuss sewer capacity associated with development of NE neighborhood area: Owen reviewed the Smithgroup report. Klein discussed potential gravity issues are being assessed by engineers and may add additional cost to the project. Cost sharing for the project will be discussed as the project progresses.

Award \$1,000 Economic Development Grant: Owen reviewed historical background of the WPPI grant. Glover moved, Vierima seconded to award the \$1,000 grant to the Mount Horeb Area Chamber of Commerce, carried by voice vote.

Electric Department Report: Owen reviewed the monthly report.

Water Superintendent Report: Owen reviewed the monthly report.

Wastewater Superintendent Report: Klein reviewed the monthly report.

Utility Manager Report: No questions on the included report.

Adjournment: There being no further business before the Commission, Lyle moved, Glover seconded to adjourn the meeting at 7:24 pm, carried by voice vote.

Minutes by Amy Hall, Treasurer/Deputy Administrator

Electric: March 2022

We continued our street light changeouts from HPS to LED to start the month out. Once the frost was out of the ground, we began digging out first of six new underground services while also moving an underground line that was in the way of construction going on at Mount Horeb Cottages.

The crew provided aid to Stoughton Utilities with the tornado that hit them earlier in the month. There has been an outpouring of cards to the utility thanking the lineman for their work to restore power. We also had 3 outages of our own which included a transformer bushing breaking, a homeowner dig in, and a blown fuse due to a squirrel.

We are Publicly Owned and Operated

In the month of March, I am proud to announce that we were awarded the DNR lead service replacement grant. We spent most of the month once we found out about the grant stuffing letter for the 261 lead lines. We hand delivered the letters to all the homes. Nic and I had a sit down with Matt from the Mount Horeb Mail so it could be front page to reach out to everyone. We have posted the good news on the village website, as well as the village Facebook account. We were awarded \$1,566,000 dollars for the grant. That is \$6,000 dollars for each home, for lead line replacement. I have taken a lot of calls from people with questions and everyone for the most part seems to be happy that they will get it done. We are hoping that the \$6,000 dollars will cover the cost 100%.

We also have been working on water meter replacements, for our water meter testing. We are down to about 25 homes left. We are hoping to have this wrapped up soon. Just waiting on a few homes. If we don't hear from them in the next week or so we will be calling everyone and trying to make arrangements to get them done. I have a feeling that I will have to send a few disconnect letters out. I have a few homes on the list from last year and have not been able to get the water meters tested yet.

I talked to Nic about summer help. With Shane Kahl being off with his shoulder I needed help with the amount of work coming. I am excited to announce that we have hired Bo Schults for the summer. Bo is from Mount Horeb and is excited to work in his home town. Bo wants to be an electrical lineman. Bo is in school at Southwest Tech for his 9-month schooling to do so. Working with the utility he will have a chance to work with our electrical crew as well. This will allow him to Job out and not have to attend school until June. His hours here will count towards his schooling. We will have a few forms that will need to be filled out and sent to Southwest Tech on his behalf.

We had our annual safety training on March 22. So, we are all safely trained, for another year.

Upcoming events-

System wide hydrant flushing will start April 11 - April 28th.

M Shaw training April 4-7th. This will allow us to get gravel from pits like finks.

Working more on the DNR grant getting ready for lead line replacements

Hopefully starting lead line replacements in the middle of April

Mount Horeb Wastewater

Monthly Report for March

Submitted to the Utility Commission 4/5/2022

We have been jetting and televising sewer mains when the weather allows. We have found several areas that need repairs or possibly cured in place lining. We have also been inspecting manholes and updating them on our GIS.

We helped out the Electric Utility with our Vactor, moving transformers and trenching for two days.

The staff completed our safety training with Fehr Graham on March 22.

We have had issues with our GBT in March. We thought the digester solids were in poor condition which was requiring us to use twice the polymer to achieve 5% solids leaving the thickener. We worked with Aqua Chem and found their polymer was the issue. The thought is that during shipping, the two drums were allowed to get too cold. They are crediting us with two new drums. We have started the biosolid storage tank mixers and a sample has been sent to our commercial lab for testing for our Spring land application.

The WPCF is running very well. All of our lab testing is well below our limits. We are still achieving low effluent phosphorus with no chemical addition.

Monthly Wastewater Utility Operations Report

March 2022

Submitted to the Utility Commission April 5, 2022

The facility is running well and giving very good results. We have not needed ferric chloride to achieve low effluent total phosphorus. Phosphorus stream sampling is ongoing for adaptive management.
